Mini Drum Tipping Clamp T405/130

slip-on-fork version

Specification:

With the KAUP Mini Drum Tipping Clamp T405/130 cylindrical drums can be taken up, transported and put away when required around 90° tilted. For it the mini drums clamp has to be put on the existing forks, arrested and connected hydraulically with the forklift.

Attachment is hydraulically tiltable by 90°

Attachment is operated hydraulically, i.e. supplied with oil from the forklift truck's hydraulic system. Truck requires two additional hydraulic functions.

Attachment is available for operation in explosion hazardous areas.

Attachment can be fitted with different types of contact pad surfaces specifically suited to the application.
